A BOON FOR SUFFERING WOMAN,

If there are times in life that try men's souls, there are also times that try women's souls. As woman's organization in general is more delicate than man's so she has special functions of a far more delicate character, which render her much more liable to derangement and disease, and which require much more skillful and careful treatment. No class of diseases test a physician's skill or a medicine's efficacy more severely than Female Diseases. No medicine has ever proved prore successful in the cure of such diseases than Peru-na. In that most trying of periods, which every middle-aged woman must pass through, Peru-na has proved a true beon to the sex. "Thad been a great sufferer for three years," writes Mra. S. Smith, of Hillsville, Pa. "I had given up all hope when I commenced taking Peru-na and Man-a-lin. Now I am as well as ever in my life. Regulate the Bowels with Man-a-lin.
